

Zip, Zap, Zoom...

Standing in a circle, participants orally pass the word "zip," "zap," or "zoom" around from one person to another.

The activity moves rapidly to build and sustain community involvement.

Variations include switching directions:

- Zip goes to the right
- Zap goes to the left
- Zoom goes across the room

When a participant messes up direction that person sits out and the game starts again until there's only 1 person standing.
